Alberta releases 2018 Dental Fee Guide

The Alberta Dental Association and College (ADAC) has released the final version of the new Alberta Dental Fee Guide for January 1, 2018 and insurers will be using this fee guide effective January 1, 2018.

What is a Dental Fee Guide?

Dental fee guides are created annually for each province and provide recommended fees for all dental procedures and services. While the guide is intended to suggest reasonable and customary fees for every dental service, your dentist has the right to choose the fees they charge for their services.

If your dentist chooses to charge more than the recommended fee, you might need to pay out of pocket to make up the difference. It is a good rule of thumb to check your dentist's fees before undergoing treatment.

For more information, including a copy of the fee guide visit www.dentalhealthalberta.ca.

If you have any questions or require further information about how your plan members' claims may be affected, please contact your Advisor Partner, or GroupSource.
